

**Police Sick Out (Wraparound)
Harwood
Nov. 2, 2012**

TRT: :30

There's something going around the Midcity Police Department that may cause a lot of officers to call in sick.

It's not the flue or some other virus. No...officers say their paychecks make them sick. They've asked for a six percent pay increase but the Midcity Board of Supervisors is offering two percent.

To protest...Midcity Police Association spokesperson Lieutenant Carl Mercer says officers may call in sick Monday...

**SOT: Lt. Carl Mercer :09
In: We have to do
Out: is a disgrace**

More talks between the police association and the board of supervisors are set for 7:30 tonight at the Midcity Convention Center.
