Hi I'm Patrick Harwood for C-of-C Scene.

We were lucky! Hurricane Sandy...for the most part...spared South Carolina. But several states to the north us...weren't so lucky.

We have hundreds of students...not to mention faculty and staff...from those storm-stricken states.

For them...this week has been rough...wondering and worrying about their families...their loved ones...and their homes...back home....

Thanksgiving is three weeks away. Members of Cougar Nation from the storm-stricken states may be traveling home for the holidays.

Hopefully when they get there they'll find that things have gotten back to normal...or are may be pretty close to getting back to normal.

For C-of-C Scene...I'm Patrick Harwood
