### WORDS TO LIVE BY:

*"Never stop giving, no matter how little you have, you can never give or ?"*

- **What do you want to do after you graduate?**
  - After graduation I plan on staying in Charleston to continue working at Heirloom Book Company and Tiger Lilly wedding planning. I was just hired by Tiger Lilly to be a wedding planner assistant. I am so excited!
- **If you could be anyone else for a day who would it be and why?**
  - If I could be anyone in the world I think I would be Kate Middleton! I know it's corny but I think she is just incredible! She seems so down to earth and truly remarkable! Also, her fashion sense is to die for. I think being her for one day would be amazing and being married to Prince William wouldn't be too bad either!
- **Currently, with all the talk of the upcoming presidential election going on, who do you think the country will decide to elect? Do you think Obama will be reelected?**
  - I would love to give you a confident response to this, as I think that it is one of the more important debates going on right now, but I really do not know. I'd like to think that President Obama would be re-elected, but I don't think that is going to happen. His approval and acceptance polls are so low and there's so much speculation regarding some of his decisions made about U.S. policies and government spending, I just don't see how he can change all of that in just one year.
- **Are politics something you're interested in, being from D.C.?**
  - I really thought that I wanted to be involved with politics when I was younger, as it was a huge part of my life. But, now after embarking into the work force, I think that I won't. However, I think that public service is a huge part of my life and I will never stop helping those in need!
