What's a fact that not a lot of people know about you?

I'm really scared of the ocean. Fish scare me and I don't like not knowing what's going on under the water.

How does that work in Charleston?

I'll go to the beach and lay out, but I'm much more of a pool person.

What's the most fun thing you've done in Charleston during your time here?

I love going to bottomless mimosas at Toast on Sundays and then walking to the outdoor market and Waterfront Park.

Sunday fundays are my favorite.

What do you think Steve Job's greatest contribution was?

He was a marketing genius. He changed the way products are marketed by taking a product that wasn't a necessity and made it something people felt they have to have.

3 What's the best piece of advice you've ever gotten?

My dad would always say, "You can't keep doing the same thing and expect different results."

If you could choose anywhere outside of the country to live where would it be?

I loved Rome. I like feeling comfortable and because I spent so much time there this past summer, I feel like I would like living there.

If you could travel anywhere where would you go?

I'd like to experience Asia.

If you could be present at any historical event which would you choose?

I think I'd like to witness Martin Luther King Jr. give his I Have a Dream Speech and be able to see change start to happen after it had been a certain way for so long.

What is your favorite comfort food?

Pizza. My favorite pizza is jalapeños and pepperoni dipped in ranch with lots of parmesan cheese and red pepper flakes. I like it spicy and sometimes I even put hot sauce on it. I could eat it right now and I even have a picture of it on my phone!

What are your career aspirations?

I really enjoy the writing aspect of public relations, but I might want to get into marketing or sales. I'd like more of a corporate environment instead of an agency and I can see myself staying in Charleston after I graduate.

10.

Where would you like to retire?

Probably somewhere in North Carolina. I'd like to stay in Charleston for a while after I graduate because it's a great place to be a young professional but I'd like to go back to North Carolina at some point.
