In her junior year at the College of Charleston

Originally from Charleston, S.C.

Oldest of eight siblings

Her favorite color is sky blue

Her favorite food is pizza

Her favorite movie is "Love & Basketball"

Arianna Weaver

**George Kaplan: What do you think of our PR Writing class?**

*Arianna Weaver: I actually really like this class. I was nervous at first because of all the assignments but the practice has helped a lot. I think I'll be ready.*

**GK: What did you do in high school for fun?**

*AW: I played basketball my freshman and sophomore year.*

**GK: What are you involved with now at C of C?**

*AW: My sorority, Alpha Kappa Alpha.*

**GK: Where are some of your favorite places to go downtown?**

*AW: Wild Wings downtown is the best Wild Wings around. I haven't experience a ton of downtown since most of my friends are still 20.*

**GK: Would you rather own a beach house or a mountain house?**

*AW: (laughing) A beach house, just because I don't like the woods. I don't think I'd be a good outdoor person.*

**GK: What do you think of what's going on in the Republican Primary right now?**

*AW: To be honest, I haven't been paying much attention. This will be my first time voting so I'll really have to sit down and focus on it to make my mind up.*

**GK: Do you like to read?**

*AW: No. I don't like to but I know that I have to so I do it anyway.*

**GK: What's your dream job?**

*AW: I want to do something in International PR. I've never really had the opportunity to travel a lot and it's something I want to do.*

**GK: What's one thing that you want to tell me?**

*AW: When I graduate I want to go to grad school and then move to Spain. I've never been there before and have always wanted to go.*

**GK: Why Spain?**

*AW: I've seen people talk about it in movies before and I've always stuck with that. That's what I tell people 'I want to do' with my life when they ask.*
