(Term 117)

Instructor:  Patrick Harwood

Email:  harwoodp@cofc.edu  Course Website:  www.harwoodp.people.cofc.edu
Office:  Robert Scott Small Building, Room 126 (old library); I also have a box at
the Communication Department Main Office located on Physicians Promenade
Office Hours: MWF 1:30-2:30.
Note:  I do not accept any work by email.

Books and Equipment
  (Iowa State Press, Second Edition )
- A video camera—can be a digital still camera with video shooting
  capabilities.  Or get one of the new Flip Cameras.  Sharing a camera with a
  classmate is OK.
- A flash drive (or external hard drive) is good to have for moving video and
  audio between computers
- Headset with microphone for digital recordings/production (optional)

Course Objectives:  This is an introductory broadcast journalism course that
stresses the newsgathering process, as well as writing, reporting, ethical/legal issues,
industry issues and trends, and the business of broadcasting.  You will do different
types of digital news reports and newscasts.  We will also explore and utilize cutting
edge audio/video computer editing/production software.  I also teach Television
News Reporting (Comm 340) that is designed as a follow-up to this course.

To Succeed in this Class:
- Complete all homework and reporting assignments on time and in the
  formats that will be detailed.  Deadlines are crucial in the news business.
- Show effort, imagination, and improvement
- Take reporting assignments seriously—try to do them as a professional
  reporter would.  Don’t take the easy way out by interviewing friends and
  relatives for your stories—professionals would not do that!
- Don’t miss class and be on time.  Coming in late is very distracting!

Very important class rules:  Don’t turn on computers unless told to do so.  Class
time is not your time to check and send email or browse the Internet.  Please do not
make me repeatedly tell you to turn off your computer and pay attention in class!
You may also receive a half-letter final grade reduction if you are someone I
repeatedly tell to turn off your computer.  It distracts me to have to do this!  Also-
no work is accepted by email.
**Attendance Policy:** A roll sheet will be passed around at the start of each class. Five absences will result in a half letter grade reduction in your final grade. To receive an excused absence you must give me a note from a doctor or health services or a note written by you explaining the absence (not emailed). Do not ask me if I received an email from Health Services about your absence. You still must turn in a written note.

**C of C’s Plus/Minus Grading Scale**—The College uses the following grades in the posting of midterm and final grades: A, A-, B+, B, B-, C+, C, C-, D+, D, F

**Tests:** There will be midterm exam and a final exam project. The midterm will cover Parts I and II in your book, “Radio-TV Newswriting Philosophy: Style and Methods” (Part I), “Legal and Ethical Concerns” (Part II), plus handouts and other material presented and covered. The final exam project will consist of an original newscast containing the various types of reports you will be learning to do. It will receive a letter grade.

**Midterm Exam Grading Scale:** A 94-100; A- 90-93; B+ 87-89; B 83-86; B- 80-82; C+ 77-79; C 73-76; C- 70-72; D+ 65-69; D 60-64; F 59 and under

Here is the letter grade plus/minus grading system:

\[
\begin{align*}
A &= 4.00 & B &= 3.00 & C &= 2.00 & D &= 1.00 \\
A- &= 3.67 & B- &= 2.67 & C- &= 1.67 & F &= 0.00 \\
B+ &= 3.33 & C+ &= 2.33 & D+ &= 1.33
\end{align*}
\]

**Extra Credit Opportunities:** You can have points added to your midterm exam grade by producing extra news stories on communication and media-related speakers and events at this semester. Up to three points can be added to your midterm exam grade, for example, per story with a maximum of nine extra credit points possible. Producing newscasts/podcasts using your teams’ reports can earn extra credit also. Plus, with the various assignments you’ll do, bonus points may be given to reports you do that are particularly good.

**Reporting Assignments:** You will be given plenty of advance notice about due dates for reporting assignments, and you will be instructed and trained in how to do these stories. The assignments include: “person on the street,” a music or natural sound “montage,” various TV news-style “wrap,” a team podcast; individual newscasts; and a longer form final project newscast.

Reporting assignments and newscasts will be given letter grades based on the following criteria: accuracy, enterprise/initiative; newsgathering skill, writing quality, production quality, scripting; and delivery. A reporting or newscast assignment can be turned in one class period late, but will automatically lose one letter grade. They will not be accepted after one class period late, meaning you will receive a zero for that assignment. Book homework assignments can be turned in one class late but will get a check-minus and won’t be accepted after that.

All work turned in for this class must be typed unless told otherwise.
Final Grade Determination:
- Midterm Test & Final Exam Reporting Project 40 percent
- Reporting Assignments (averaged) 40 percent
- Homework, Quizzes, In-class work 20 percent
  (Homework receives check plus, check or check minus. 24 assignments=60 points maximum using 2.5 points for check plus; 2.0 for check; and 1.5 in my check minus system)
- Remember that five unexcused absences results in a half grade reduction
- Remember also that homework is not accepted via e-mail
